2.2) Proxymity

2.2.1) Introduction

proxyMITY is an open source software product. Published lectures that are released under the Creative Commons License by Attributions 2.5, are edited and prepared for distribution using proxyMITY.

2.2.2) Loading SD Card

Insert the pen drive or SD card in the slot provided on the tablet. Refer the basic manual for inserting the SD card.

Wait for 10 seconds for the pen drive or SD card to be detected by the tablet.

A message stating “Preparing SD Card” will be displayed in the notification bar. This means the pendrive or SD card is ready for use.

2.2.3) Selecting a Wi-fi Network

Touch Menu button on the home screen		
Touch Settings	Settings	Fig 13
Touch Wi-Fi (Wireless and Networks)	 Wi-Fi OFF	Fig 14
Touch “OFF” to switch on Wi-Fi connectivity	Wi-Fi ON	Fig 15
The tablet will list all the available W-Fi connections.		

Touch any one of the available Wi-Fi networks

Touch Connect

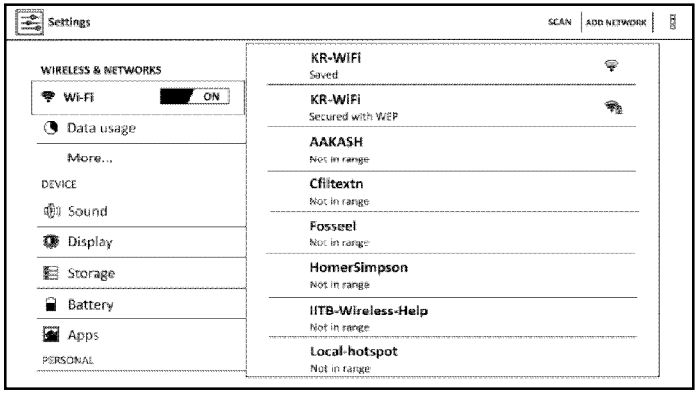

Fig 16

2.2.4) Viewing Lecture from SD Card
